Medication Do's and Don'ts

Do's

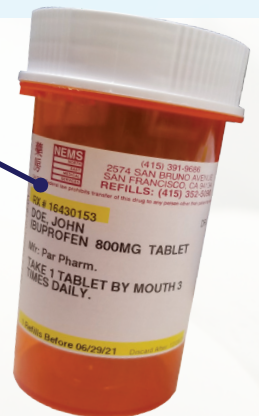

- 1) Bring all medications at every visit. Bring all bottles and boxes, not just your pills.
- 2) Follow instructions on how much medicine to take, and how and when to take it.
- 3) Contact your doctor immediately if you have any side effects.
- 4) Ask questions if you are unclear about anything.
- 5) Know if you have refills available, and when you will need a new prescription.

Don'ts

- 1) Don't use any expired medications. Expired medication should be properly disposed. Ask your pharmacy for more information.
- 2) Don't give medications prescribed to you to someone else. Don't take medications prescribed to someone else.
- 3) Don't stop or change how much medication you take on your own.
- 4) Don't take your medication with alcohol. Mixing alcohol and medications may cause dangerous side effects.
- 5) Don't put medications into different bottles. The correct medication bottle helps your doctor identify what type of medicine you are taking.

This is the label on the bottle!

藥物處理須知

要

- 1) 每次看醫生時要帶藥瓶，不要只帶藥片，以便和醫生討論。
- 2) 要遵守醫生規定的藥量及服用時間。
- 3) 若有不良反應要立刻通知醫生。
- 4) 若有不明白的地方要詢問。
- 5) 要知道自己的藥物有沒有重配 (REFILL)及何時需要重配。

不要

- 1) 不要服用過期的藥物，過期藥物要扔掉。請諮詢附近的藥房如何處理要丟棄的藥品。
- 2) 不要將自己的藥物給別人服用，也不要服用他人的藥物。
- 3) 不要自己停藥或改變藥量。
- 4) 不要用含酒精的飲料服藥，因為酒精加藥物可能引起不良反應。
- 5) 不要隨便把藥物轉換藥瓶。醫生通常只認得藥名，不認得藥片的樣子。
